OTTAWA - CARLETON DISTRICT SCHOOL BOARD SCHOOLS

WELCOME TO THE OTTAWA INTERNATIONAL STUDENT PROGRAM – OISP

A New Adventure in a New Land

Travelling to a new country is always an exciting experience. To combine a first rate education with travel can be the most rewarding time of your life. I invite you to join us on a voyage of discovery as a student in the Ottawa-Carleton District School Board.

The OCDSB prides itself on being a leader in education in Canada and has set a standard of excellence for other schools to follow. The OCDSB students have distinguished themselves at colleges and universities throughout Canada and the United States.

We have over 70,000 students who are eager to make new friends with our international students. Another strength of our system is our staff. Our teachers are education specialists. They work to ensure that all students are able to learn, participate and succeed.

The OCDSB conducts training sessions for its entire staff to ensure that the latest in educational innovations are used in each classroom. Because we serve a diverse cultural student body, our staff members are sensitive to

the needs of international students and are pleased to assist in helping students adjust to their new situation.

OCDSB initiatives such as the International Certificate Program (ICP) allow international students to apply their study abroad experience within our existing curriculum. Active participation in such opportunities places your child in a unique position to apply for our Lynch Getty Global Student Award scholarship. As a result of our district's globally aware programming, the OCDSB has received the Canadian Bureau for International Education's Board of Directors Award for Comprehensive Internationalization.

We want you to entrust us with your most precious possession - your children. We give you our sincere promise that we will do everything we can to make their learning experience in Canada's capital city one of memories, achievement and personal growth.

Geoff Best - Director
Ottawa International Student Program
Ottawa-Carleton District School Board

Discover Ottawa

Serving the National Capital Region, the Ottawa-Carleton School District is ideally situated for students who are looking for an exciting and active learning environment in which to study. A cosmopolitan yet surprisingly intimate G8 capital, Ottawa is a place where you can immerse yourself in Canadian culture, embrace and enjoy the great outdoors, even in the heart of the city, join the celebration at year-round festivals and events, and shop and dine in a relaxed urban setting of distinctive neighbourhoods and districts.

Living and Learning with a Canadian Family

International students studying at the OCDSB will live with Canadian families who will support and care for them while they are studying in OCDSB schools. Living with a Canadian family provides an excellent learning opportunity for students who want to develop skills that will help them to learn to communicate cross culturally at school and around the world.

All families are carefully screened through a comprehensive due diligence process, which involves interviews, a reference check and a criminal record check. Families are selected through a careful matching process, which considers the preferences and requests of the student and host. Each match is confirmed in writing with a family profile and pictures of the family and a location map.

The homestay program is managed by one of the leading homestay program management organizations in Canada. The Canada Homestay Network Society (CHNS) is a non-profit organization that has been supporting and advocating for OCDSB students and host families since 2000. Over the years CHNS has established a strong reputation for caring hospitality, responsiveness, dependability, and due diligence.

Each student gets a warm welcome upon their arrival in Canada and care is taken to ensure that they are comfortable with their host family. Students participate in an orientation which includes tips on how to make their experience a positive and successful one. CHNS follows up with each student and their host to determine whether they require any special assistance.

Ongoing support is available to each student as well as their hosts, their agent and their school. Staff are available 24 hours a day, seven days a week to respond to emergencies and other needs. Multilingual support is also available.

More information on the Canada Homestay Network can be found at www.canadahomestaynetwork.ca

"I love Canada...I live with the best Homestay family I could imagine."

Miao, international student from Taiwan

"I know that this experience will be a memory I will carry with me for the rest of my life."

Maria, international student from Mexico

"I came to Ottawa to study in order to improve my English, but most importantly to learn how different people and cultures in the world think."

Bill, international student from China

"...the best part about studying here is the education system itself because I have lots of choices which enable me to explore my own interests."

Zixiang, international student from China

"I really like the semester system because I only have four different courses at one time."

Sophie, international student from Turkey

"Being an international student makes you stronger; you become a better person"

Canterbury High School is a hub of creative activity for over 1,200 students. It is a school with a strong tradition of excellence made up of students from our local community and students who have auditioned for the specialized Arts Canterbury program. As a result, our students are motivated, creative, energetic and committed to their studies, their activities, and their community. The extra-curricular athletic program at Canterbury lends balance to both academics and arts. Our students come from across the City of Ottawa, West Quebec and a variety of international locations. Our students come from a diverse and culturally rich group spanning all socio-economic backgrounds and, as a result, are very accepting of each others' differences and needs. For this reason, the school life is dynamic and very busy. Our graduates return on a regular basis to share their experiences from the worlds of work and academics.

Welcome to John McCrae (JMSS), an Advanced Placement secondary school. JMSS is a comprehensive community school dedicated to meeting the needs of all learners according to their individuality. We provide students with an established safe environment in a modern facility. Large spacious classrooms, modern computer labs, updated technology shops, art studios, and open science laboratories provide students with an excellent environment in which to develop skills and interests.

Additional facilities are provided by our community partnership with the Walter Baker Sports Complex. Students at JMSS utilize the resources of the public library and have access to the sports facilities housed in the area. Academic classes benefit a great deal from these extended resources while physical education classes and interscholastic teams are able to participate in activities not normally available in secondary schools (i.e. aquatics, hockey, squash, fitness facilities). JMSS is an all encompassing, caring school which nurtures the educational, emotional and social growth of all its students. "We Care."

Neighbourhood Description

John McCrae Secondary School is built in a residential neighbourhood in old Barrhaven in the south west end of the city. The school is 23km to the city center. The school is close to shopping, movie theaters and it is attached to the Walter Baker Sports Complex.

Elementary Schools

Elementary

There are 120 elementary schools from JK to grade 8 in the Ottawa-Carleton District School Board. Elementary students are generally placed in the grade level that is appropriate for their age.

In grades 1-8 Students will learn mathematics, science, and technology, social studies, history, geography, health and physical education, the arts, and Core French. They will receive 200 minutes per week in French.

ESL (English as a Second Language)

English as a Second Language is a support program to help students learn the language and skills needed to be successful in our school system. When students arrive in Ottawa, they will be assessed and given an ESL stage and recommended ESL support. An ESL teacher and classroom teacher will collaborate on the best possible support for each student at school. Please note that ESL support varies from school to school.

Accommodations for Elementary students

International students in Kindergarten to grade 7 must live with parent(s) or relatives who act as custodians while studying in the program. Students in grade 8 (13 years old) may live with a Canadian family arranged by the Canada Homestay Network Society.

School Assignment:

Please note that students are assigned to a school based on the understanding that the student will be living with his or her parent or custodian in a home that is located within the school's boundary.

You can use the school locator on the website at <http://www.ocdsb.ca/sch/sl/Pages/default.aspx>
